OSCAR F. PETERSON ANI RES

Inspection

Type: ROUTINE INSPECTION

Date: NOV-08-2006

2.32 (a) REPEAT NCI

PERSONNEL QUALIFICATIONS.

(a) It shall be the responsibility of the research facility to ensure that all scientists, research technicians, animal technicians, and other personnel involved in animal care, treatment, and use are qualified to perform their duties. This responsibility shall be fulfilled in part through the provision of training and instruction to those personnel.....

**For Protocol (b)(4) although numerous individuals have been identified as "trained personnel approved for this laboratory", it is still unclear what training the personnel have received or if they are qualified for the animal use described. It is the responsibility of the institution to provide appropriate training and for the IACUC to review the qualifications of all personnel involved in the protocol.

2.38 (f) (1)

MISCELLANEOUS.

(f) Handling.

(1) Handling of all animals shall be done as expeditiously and carefully as possible in a manner that does not cause trauma, overheating, excessive cooling, behavioral stress, physical harm, or unnecessary discomfort.....

**On July 20, 2006 at approximately 3:32 p.m., a marmoset died during a study procedure that was being conducted. The IACUC has investigated the situation and is addressing the issue. The protocol was terminated and corrective measures are being implemented to prevent future incidents from taking place.
